**FSR-06 Fiber Optic Recoater
with 2N proof tester**

FSR-05 Fiber Optic Recoater

Purchase a
FSR-05/FSR-06/FSR-07
between January 1, 2018 - June 30, 2019

and receive *an additional fiber mold*
of equal or lesser value *free!*

Delivering Exceptional Recoater Quality

Our extensive mold selection of a standard mold size of 280um and additional customer sizes of 195um, 255um, 320um, 450um, 600um, 670um and 1000um provide a wide variety to get the job done. Rapid pump and mold replacement make changing the mode size and compounds very easy. Our bubble catcher technology helps to insure that recoats are bubble free.
